“You really elevated our event to the next level and made it the best festival yet!” -Toronto Special Events

What We Can Do For You:

Circus Orange will provide a fully trained coordinator and crew to design and implement your project. We will act as liaison with the local authorities, obtain the appropriate permits and provide insurance to ensure a flawless pyrotechnic production.

“Thanks so much for your professionalism and enthusiasm! You helped to make a huge success of our inauguration of the 20th anniversary of our event!” -Le Mondial SAQ Montreal

With over ten years in the industry Circus Orange is sure to create the perfect effect safely and effectively every time. Call us or visit our web site for more information, pictures, ideas, show-proposals and budgets.

★ STUNTS & RIGGING

What We Do:

Circus Orange has been flying humans, creating custom props and orchestrating mind-blowing stunts in our own live shows for years. It only made sense for us to offer these services as a stand-alone product for other events. Now we find ourselves stunt coordinating for rock videos and TV shows, fabricating one-off props in our shop for live media events and flying all types of people from our own stunt performers to A-list celebrities.

SERVICES OFFERED:

- Rigging
- Stunt Design & Coordination
- Aerial Gags
- Fire Gags & Fire Burn Stunts
- Pyro Stunts / Pyro Props
- High Falls
- Acrobatic & Circus Stunts
- Aerial Rigging, Fly Rigs & Zip Lines
- Engineering & Fabrication
- Rope Access & High Angle Techs
- Show Day Safety

"I felt totally safe and secure. The stunt went completely according to plan and was a huge success!"

-Sir Richard Branson - The Virgin Group

What stands us apart from the competition is our intimate knowledge of live performance, pacing and how to really 'sell' a gag. This applies even if we are just building the stunt and not necessarily providing the performers involved. Allow us to wow you with our years of experience and impeccable safety record the next time you need to achieve the 'impossible'.
