EXPLOSIVE PERFORMANCE

VERTICAL PERFORMANCES

WITH OR WITHOUT PYROTECHNICS

Announcing an exciting new entertainment product from Circus Orange. Vertically staged acrobatic aerial shows where the performers descend (or ascend) from structures 40-500' in height!

Choreographed dance routines and suspended acrobatics on the vertical plane. Flying angels and stunning horizontal zip line crossings between structures. Vertical fashion shows and more.

Add vivid colored smoke effects for even more impact during the day and of course our famous performer based pyrotechnics at night. For more information, pricing and technical requirements call our office in Toronto at (416) 535-1866.
