INC. SUMMER 2009

★ EXPLOSIVE PERFORMANCE

We are right in the midst of a very busy summer season here at Circus Orange. We do have some big news to share though so here is a quick email newsletter update on our progress in the world. Enjoy!

## FIRE JAMMERS TV RELEASE

**Where:** Discovery Network (Canada)  
**When:** August 3rd, 7:00pm EST

UPCOMING  
SHOW!

Finally after almost a year of waiting the release date for our Discovery television show entitled Fire Jammers has been set. Imagine that, a TV show all about Circus Orange!

Last summer as we rebuilt [JumpJet](#) for an 18-day run at the Exhibition in Toronto a dedicated team from [YAP Films](#) skillfully captured our every move on tape. Since then they have crafted our adventure into an epic one-hour long TV special. Fire Jammers is scheduled to air on the Discovery Network (Canada) August 3rd at 7:00 pm eastern time.

If you have always wondered what it takes to create one of our spectacular shows this is your chance to see all the ups and the downs during our creative process. Watch as Tom Comet leads his technical team in the shop as they build the machines,

experiment with rigging and blow stuff up. You can be right there in the rehearsal room as Rebecca follows her creative process, develops the story line and creates the various on-stage performance elements. For the first time ever you can view all this behind the scenes action as if you were there working alongside us.

We are very excited about the prospect of this show and we look forward to viewing it with you on the 3rd.
