

ITEM #501 - FIRE & ICE

DESCRIPTION: This is one of our most popular “turn-key” shows and always a real crowd pleaser. Fire & Ice is an extremely upbeat performance that shows off Circus Orange’s unique ability to combine pyrotechnics with human performance to spectacular effect.

We have two versions of this popular show. There is a five performer and a three performer version. We recommended the five person act with four female and one male fire and pyro performers. The performers use fire/pyro fans, pyro staves, fire “ball & chain” and perform custom choreography to set music. Ice is represented through the use of dramatic white costumes and icy silver pyrotechnics. Fire is symbolized by, well... fire. Floor mounted pyro such as flame projectors, gerb (fountain) fans and small mine boards provide a stunning pyrotechnic backdrop to this unique high-energy set.

This show is designed to be performed indoors and the pyro is our all new smoke reduced formulations.

DURATION: 6 min.

COSTUME: Various

TECH REQUIREMENTS: Secure stage area of no less than 40’ X 30’. Dressing room and permission from the venue for the use of pyrotechnic effects and open flame. We get all the necessary permits and have the appropriate insurance in place in this regard. If staged indoors a “fire watch” (over ride of building smoke detection system) will be required. This is a standard procedure in most buildings and we can help facilitate it.

PRICE: For further details and pricing on this item please [contact](#) our office.

A NOTE ON THE USE OF FIRE AND PYROTECHNICS:

At Circus Orange we take working with fire and pyrotechnics extremely seriously. Our team is comprised of pyrotechnicians who have a proven safety record and excel in their ability to combine performer and audience safety with truly dramatic effects. We have over twenty-years of incident free experience in this field and our full pyro resume is available upon request.

What about permits and insurance you ask? Well, we take care of everything in this regard. We will speak with the site or venue technical staff to determine the appropriate effects and safety precautions. We then submit our *pyro plan* to the local fire department and obtain a permit and any other clearances required. The show is set up and fired by our own team of licensed pyrotechnicians and, of course, we are insured specifically for these services.

If this show takes place in Canada we will provide all the pyrotechnics, obtain the pyro permit and supply licensed pyrotechnicians. If this show takes place outside Canada we will work with a "local license" who will help facilitate our working with the pyrotechnics internationally. We will supply more information on this aspect of the production as required.

A NOTE ON FIRE PERFORMANCE

Circus Orange is comprised of a team of some of the best fire performers in Canada. Fire safety is our number one concern on all shows and particularly so on shows with a fire aspect to them. We always have a dedicated fire safety person on hand with CO2 fire extinguisher(s), wet towels and any other fire prevention equipment that we deem necessary for the proposed act. We will work with venue and site staff to ensure a safe implementation of all our fire shows. This involves setting a secure perimeter around the act. It also means communicating with the local fire prevention office (a division of the fire department) and sometimes temporarily bypassing smoke detection systems in areas of the venue. This is all standard procedures for us and is something that we coordinate and implement in conjunction with the local fire prevention office as well as venue management and technical staff.

INSURANCE DETAILS

We maintain comprehensive general liability insurance that is specific to our show content (pyrotechnics, aerial performance, stunts and fire). We provide an individual certificate of insurance for each and every show we perform and can add other companies on as 'additionally insured' as required.

A NOTE ON PRICING

We will generate a formal quote based on your feedback to this proposal document.

Dates not secured until our contract is signed and a 25% deposit is received.
