

## ITEM #611 - MAN OF FIRE

**DESCRIPTION:** This is a very unique and truly spectacular theatrical pyro performance involving a solo performer and a revolving pyro stage. There is a theatrical introduction as our "Man of Fire" walks on stage with brightly lit flares. He climbs up on to the raised stage, lifts a huge board high above his head and then all hell breaks loose as pyro shoots from the board then the spinning stage.

We have different versions of this act. We have used it as a stand alone piece and as an intro or segue in our larger high-elevation pyro and fireworks shows. It is great if the spinning stage can be on a raised platform or rooftop so that this act takes place up above the crowd.

A video of this act can be found [HERE](#). This video shows the act as part of one of our larger high-elevation pyro shows.

### **A NOTE ON THE USE OF FIRE AND PYROTECHNICS:**

At Circus Orange we take working with fire and pyrotechnics extremely seriously. Our team is comprised of pyrotechnicians who have a proven safety record and excel in their ability to combine performer and audience safety with truly dramatic effects. We have over twenty-years of incident free experience in this field and our full pyro resume is available upon request.

What about permits and insurance you ask? Well, we take care of everything in this regard. We will speak with the site or venue technical staff to determine the appropriate effects and safety precautions. We then submit our *pyro plan* to the local fire department and obtain a permit and any other clearances required. The show is set up and fired by our own team of licensed pyrotechnicians and, of course, we are insured specifically for these services.

If this show takes place in Canada we will provide all the pyrotechnics, obtain the pyro permit and supply licensed pyrotechnicians. If this show takes place outside Canada we will work with a "local license" who will help facilitate our working with the pyrotechnics internationally. We will supply more information on this aspect of the production as required.

### **A NOTE ON RIGGING**

Circus Orange travels with our own rigging team and whenever possible we design and implement our own rigging solutions. We are a certified rigging company and have the experience, equipment, knowhow and insurance coverage in place for every rigging job.

### **INSURANCE DETAILS**

We maintain comprehensive general liability insurance that is specific to our show content (pyrotechnics, aerial performance, stunts and fire). We provide an individual certificate of insurance for each and every show we perform and can add other companies on as 'additionally insured' as required.
